

Pennsylvania Professional Farrier's Association

Vol.5
May Newsletter

www.pafarriers.com

Our biggest certification yet!!!

The PPFA would like to congratulate all of those who passed the various levels of certification on May 8th & 9th. And wish a special thank you to Steven Morris for being the official examiner on such short notice. We would like to recognize our testers for their hard work and dedication, Phil Bower, Gary Faulkner, Alvin Beiler, Harold Palsterer, & Edward Messick Jr. (Skip). We hope to see many more at our fall certification.

We all want to see something different in a clinic and there is nothing stopping us from holding multiple clinics in a year, but these things cost money. If you did not renew by January 31st, your membership has expired. For organizational purposes, all memberships expire December 31st regardless of when you join. This does not mean that a nonmember cannot attend our functions (all are always welcome) but there will be a charge for the event.

Example: Clinic fee, Member \$100

Non-member \$150

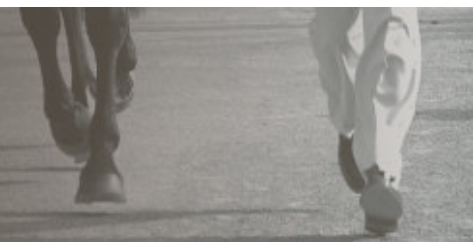

We are incorporating an email newsletter, so please include your email address. This will allow us to send you information from neighboring associations. And please feel free to forward whatever the PPFA sends you to your friends. Emails are free and knowledge is just a click away.
